MAINE TOWNSHIP HIGH SCHOOL
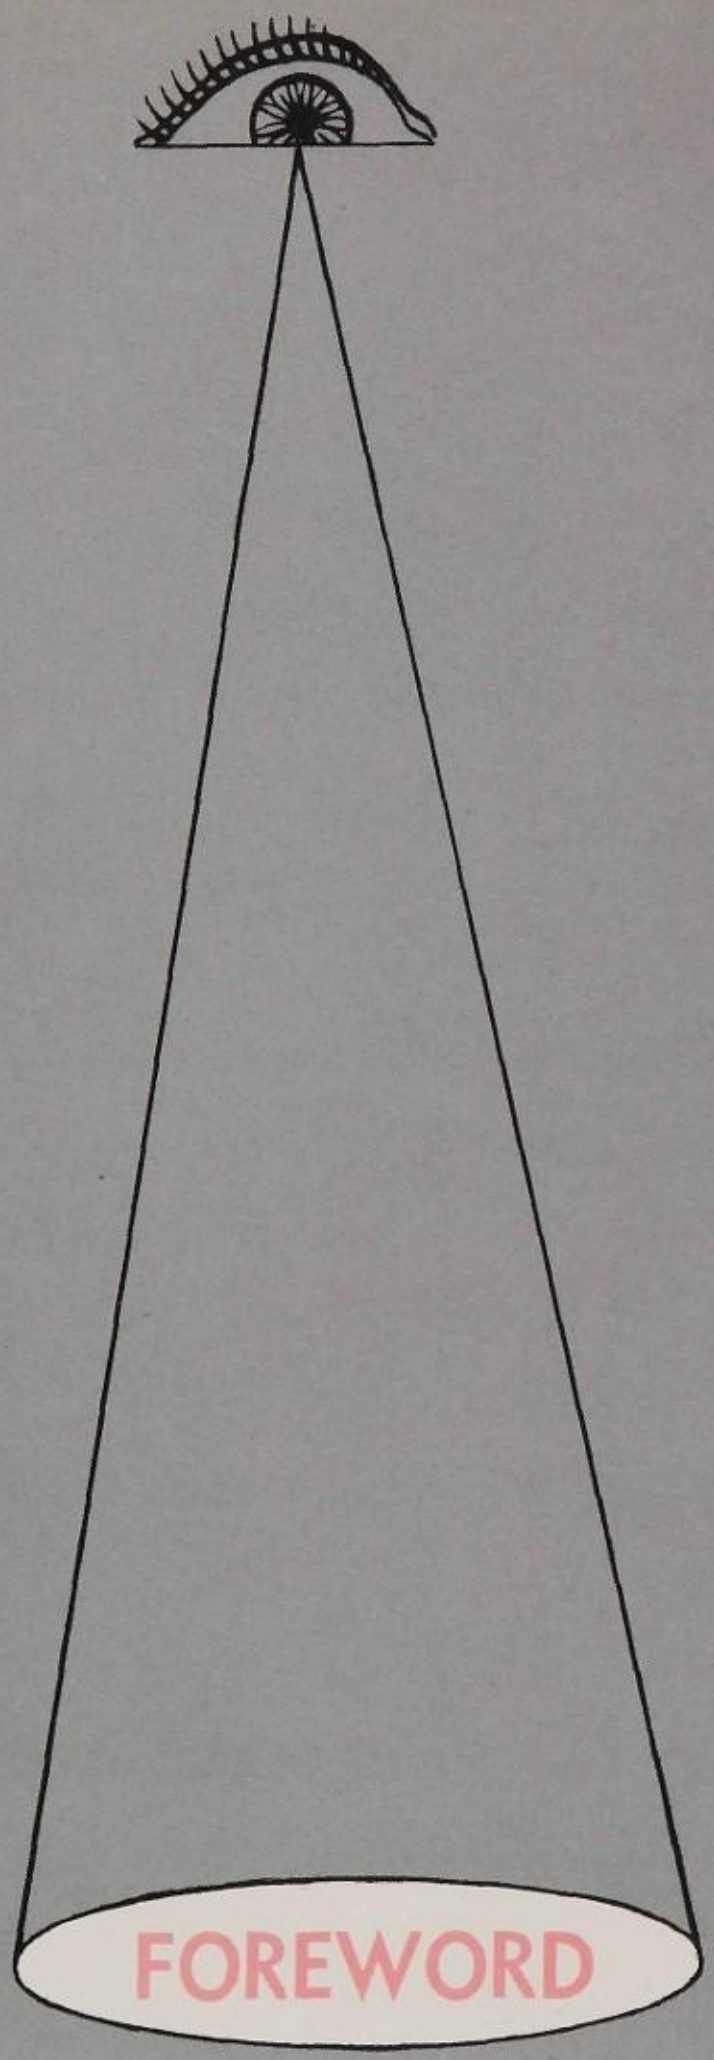
PARK RIDGE OR DES PLAINES, ILLINOIS



FOREWORD

For almost sixty years Maine has been growing, both in size and stature. This year has had great import on Maine's development. The student body was divided, and the new school began operation. Problems arose, for persons can be transplanted more easily than friendships and loyalties; but Maine's spirit answered the challenge and strode boldly into the future, proud of its magnificent growth and boasting of imminent expansions. We have always known that ours is an outstanding center of intellectual achievement; recently Maine has received nationwide acclaim for its academic excellence.

Maine is many things to many people. Such extracurricular activities as athletic events, student theatricals, homecoming pageantry, election week, school publications, student government, and promotion and commencement, help develop Maineites to the level of maturity society demands. However, Maine is more than a factory producing pol'shed personalities. It nurtures friendships and lasting ties that benignly bind schoolmates through life; it is purposeful work, activity that envelopes Maineites in a blanket of knowledge that protects from the frustrations of illiterate existence.

ADMINISTRATION

DR. WILTSE

DISTRICT SUPERINTENDENT

Faculty and students alike were indeed fortunate in securing Doctor Earle Wiltse as district superintendent. A superintendent for thirty-seven years of his career as an educator, Doctor Wiltse has come with the vast experience and knowledge necessary to advance a great academic tradition. He has been a foremost promoter of student welfare, and has constantly set a fine example for the student body. Always a man of action, the superintendent has persevered admirably in the numerous duties of his office, while winning a place of respect in the minds and hearts of Maine students.

BOARD OF EDUCATION

PHILIP PAULSON

President of the Board of Education

The Board of Education is the liaison between the patrons and the administration. It is their responsibility to see to it that the secondary schools reflect the cultural aspirations of the community.

Because of the efforts of these outstanding citizens, our new Maine West High School was completed last summer without unnecessary and expensive delays.

We owe this dedicated group our respect; for though their task becomes increasingly difficult, they never fail to maintain the high standards which make the Maine Township high schools unsurpassed in the nation.

ADMINISTRATORS

DR. STOLTE

For the past 10 years, Dr. Stolte has been a ranking member of the administration staff, and now, as principal of Maine Township High School, he continues his fine work as a progressive leader of the student body and the faculty.

Mr. Johnston, assistant principal, in his 25 years of service to Maine, has become one of the most honored administrators. Always there when help is needed, he has shown infinite patience, understanding, and the many other fine qualities of a capable leader.

MR. JOHNSTON

COUNSELORS

Mr. Rozdalovsky, director of student personnel, has a controlling hand in the deans' work and in the social and academic activities of the students.

This year Maine has six deans, enhancing understanding between students and administration. A dean is always available to the student who has either a personal or an academic problem. All deans are vocational and college preparatory counselors.

During any school year, all but a few students come in contact with the library in one way or another. Going there to read or do research is a pleasing experience. Our library, which houses more than 13,500 books, is staffed by three experienced librarians. We consider ourselves fortunate to have such a facility within our reach.

Since a student teaches himself, the work of the teacher is to create an atmosphere in which a pupil is both able and anxious to develop his intellectual capacities. Teaching the student is more important than teaching the subject.

Goofing Off

Mainspring '60 is generally hailed as the best V-Show produced to date. There were some thirty-five acts involving more than 200 persons as talent and producers. Playing to a full house on three successive evenings, March third, fourth, and fifth, the performers entertained over 4,500 people. Each night the final curtain fell to thunderous applause and the cast was forced to take repeated curtain calls.

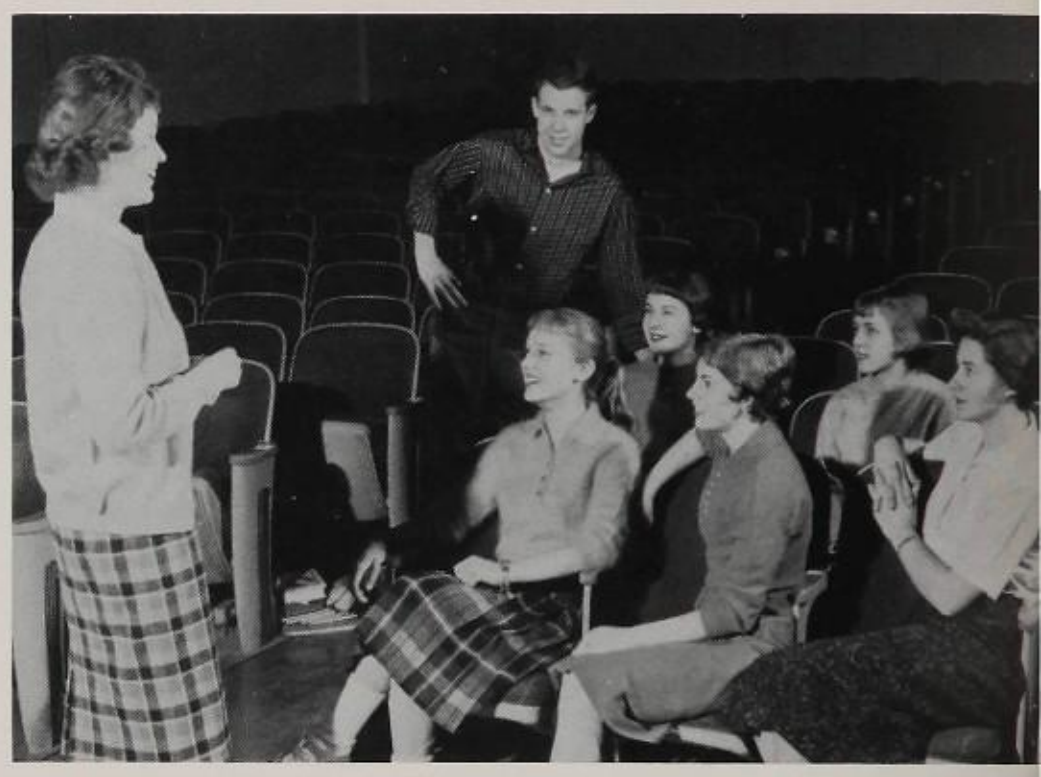
Besides this, the club also sponsors the Thanksgiving dance.

Sharon Fischer, president; Jane Waters, vice-president; Penny Markers, secretary; Judy Harrison, treasurer; Miss Case, sponsor.



PEP CLUB BOARD

For many years Pep Club has sponsored buses to all of Maine's major athletic events at other schools. Pep Club members organize the cheering section at the basketball games and also provide pom-poms and concessions for all. Pep Club's purpose is to encourage school spirit at Maine's athletic events. Last fall the club sponsored the Kick-off Dance.

Standing: Pam Porter, president. *First Row:* Joan Malik, point chairman; Pat Mohill, treasurer; Miss Albright, sponsor. *Second Row:* Bill Russell; Carolyn Kott, secretary; Penny Dean, vice-president.

PHYSICS CLUB

Building a homecoming float was Physics Club's fall project. Since then they've seen movies and had demonstrations to give interested students a better understanding of more advanced topics not thoroughly discussed in physics classes. This year students have also been able to gain valuable help on science projects.

Ginger Teller, president; Mr. Ahlgren, sponsor; Carolyn Press, vice-president; Gary Rezeau, secretary-treasurer.

RADIO CLUB

W9GDC are the call letters of Radio Club's short wave station at Maine. For twenty years this club has given interested students instruction in the theory and code needed for their novice license — the teachers are Mainites who have already received their Amateur Radio Operator's License. This year some of the members were selected to be on the technical staff of WMTH, Maine's new FM station.

Jon Tammen, instructor; Dick Dymond, secretary, Richard Paul, vice-president; Al Roberts, president.

CLUBS

RIFLE CLUB

Marksman to pro-marksman and eventually sharpshooter, this is the goal of every member of Maine's Rifle Club — to obtain the rank of sharpshooter. Using the club's own firearms, they practice and receive instruction after school in the rifle range. If you can get your parents permission, you're welcome to join. The club also sponsored an after-dance in December.

Front Row: Jerry Luebbers, range officer; Mr. Bissel, sponsor; Bill Neuman, president. *Standing:* Mary Neuman, secretary-treasurer; Mr. Elkins, co-sponsor.

RUSSIAN CLUB

To help Russian students gain a better knowledge of their language, the "Russki Klub" includes lectures and movies — even microfilms — in Russian at their meetings. With an emphasis on singing, members also have readings and play games to better acquaint them with the Russian language and customs. For four years, this club was affiliated with the German Club, and this is their first year as a separate organization.

Front Row: Linda Knepper, vice-president; Mark Auerbach, treasurer; Mr. Marcell, sponsor. *Standing:* Harvey Roth, secretary; Tom Mier.

SOCIAL SCIENCE CLUB

The members of Social Science strive to promote good relations between Maine and other schools. Their projects in social work this year have included the Red Cross drive, a visit to Dunning Institution, a toy drive, and attendance at several conferences.

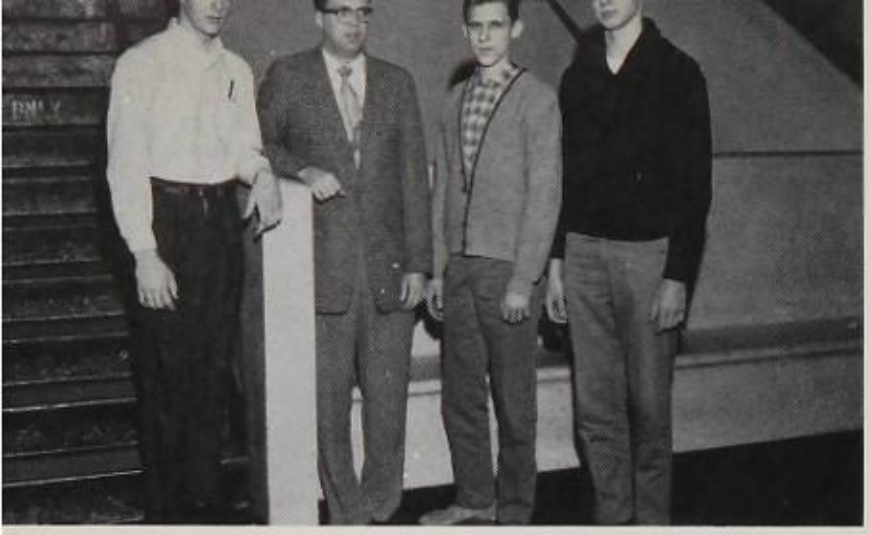
Harry Ford, president; Judy Retzer, vice-president; Penny Dean, historian; Lorrie Matthews, secretary-treasurer; Mr. Thompson, sponsor.

SPANISH CLUB

Formed for the purpose of improving conversational Spanish within a social atmosphere, "El Circulo Espanol" continues to be one of Maine's largest clubs. Besides sponsoring the all-school Spring Dance, this club offers two trips annually to the Mexican Quarter in Chicago.

Front Row: Gary Rezeau, treasurer; Kathy Accola, president; Miss Lowery, sponsor. *Second Row: Celeste Rich, secretary; Sandy McClennan, social* chairman; Barb Schmidt, program chairman.

CLUBS



SPORTS AND FOREIGN CAR CLUB

For the past two years the sports and foreign car fans at Maine have joined together to work on their hobby. Their purpose is to further interest in cars as a hobby and promote safe, intelligent driving. The members are designing a car meeting the International Formula Junior Requirements to be shown at the All-School Exhibit.

Jeff Flaherty, secretary; Mr. Connor, sponsor; Dick Brand, president; Bruce Bohuslav, treasurer.

STAGEBILLERS

The Stagebillers are the underclass version of Theater Club. By paying 12.50 at the beginning of the year, any interested freshman or sophomore gains the opportunity to see four major plays each year. This season's attractions included "Music Man," "West Side Story," and "The Pleasure of His Company."

Miss Yates, sponsor; Joan Seidel, secretary; Kay Shibley, president.

STAGECRAFTERS

The Stagecrafters make possible all of Maine's productions. Besides staging their own play each year, they are entirely responsible for the sets, lighting, and make-up for the Variety Show, the Senior Class Play, the music department operetta, music concerts, and all other presentations in the auditorium. Members are required to work an hour and a half after school each week, and they learn much about the many phases of drama, both on the stage and behind the scenes.

Front Row: Mr. Hoag, sponsor; Carol Healy, executive officer; Jan Blanton, executive officer; Judy Lippert, secretary. *Standing:* Bill Bishop, executive officer; Dick Pickup, executive officer.

THEATER CLUB

"West Side Story" and "J. B." were two of the plays Theater Club had the pleasure of attending this year. Theater Club was formed to familiarize high school students with drama by giving them a chance to see good plays. Any junior or senior is welcome to join this club by paying his dues in the bookroom in the fall.

WHITE COLLAR GIRLS

Every Christmas this group gives a party for all the faculty children with Santa Claus to bring presents for the youngsters. The purpose of the White Collar Girls is to get a preview of life in the business world and the type of career each girl would like to enter. At their meetings they often have discussions and guest speakers.

"What do you do on the Lens staff?" Each of the seventeen members of the staff has been asked that question countless times.

There are various things to be done. At the beginning of the school year and throughout the ensuing seven months, hundreds of pictures are taken; the layouts for the pages are designed, and the copy is written. As deadline dates arrive, the finished pages are sent to the publisher. By Christmas vacation, half the book has been "put to bed." By early March all but a half dozen pages have been sent to the publisher.

After April 1 the contract with a publisher for next year is drawn up, plans for distribution of this year's book are made, and new additions to the staff are selected.

Distributing the Lens in the spring is a great moment for the staff as well as for the students. Each staff member takes personal pride in having made a contribution to a great tradition at Maine — the Lens.

It is indeed an honor to become a member of the Pioneer staff. With the honor, however, goes considerable work.

Since the Pioneer is issued bi-weekly, every other week the work begins anew. Pictures are taken, articles are prepared, and layouts are planned. The deadline for each issue is the Friday before distribution. The paper is printed in the Maine print shop. Production is supervised by Mr. Arthur Scheldrup.

There are sixteen issues per year, including three special issues: the six-page college issue, the six-page Christmas issue, and the eight-page graduation issue.

The Pioneer keeps the students aware of academic and sporting events and presents outstanding editorials. It is the pride of the staff because the paper serves the best educational and social traditions of the student body.

A student governing body has always played an important role in Maine tradition. Representatives from each of the four classes constitute this governing body. Once again the Council has published the *Party Line* and has sponsored the variety show, the newcomers' party, the homecoming activities and has been active in Northwest Suburban Conference of Student Councils. The junior-senior honor study hall was started by Student Council and is under their jurisdiction. This year they also undertook the major job of revising their constitution.

When most students hear Science Seminar mentioned, they automatically say: "What is Science Seminar?" Science Seminar is composed of a group of students who possess great interest and ability in science and mathematics. Through Science Seminar these students are able to pursue individual interests in these fields beyond the high school level. However, no academic credit is given to this group.

"How do you get on Science Seminar?" To become a member of this group, students must have a high class standing especially in science. They also have to be recommended by their science and mathematic teachers and must pass a special science-mathematics aptitude test.

Last September, after two years of planning on the part of the student council and the administration, a dream came true, and Maine has its own operating F.M. radio station. During the past year, the station has broadcast basketball games, and useful study hints, as well as "music to study by." The station, valued at over six thousand dollars and operating on a frequency of 88.5 megacycles, can be heard anywhere in the school district. Under the able direction of Mr. Honn and Mr. Whitfield, W.M.T.H. is fast becoming a tradition at Maine.

Maine's Varsity Football team finished the '59 season with an undefeated record for the first time in twenty-one years. Next season the squad will be divided and Coach Olsen will direct the West squad only. The Maine squad will be headed by Mr. Bud Gates next year.

The season started with the defeat of non-conference Evanston, champion in its own conference. As the season rolled on with victory after victory, the names of Bob Kunkel, Keith Connolly, Doug Schmidt, Dave Hamman and John McSwaney appeared regularly in the accounts of successful offensive action. Many times the solid line put up an impenetrable barrier for their hapless opponents.

Seven Blue Demons were elected to All-Conference and All-State honors: ends Doug Schmidt and John McSwaney; tackles Harry Siebold and Bill Spyrison; quarterback Bill Wagner; center Dan Nehlson; and guard Dick Smith. The team was such a well-rounded unit that it voted along with Coach Olsen, who declared, "The Most Valuable Player this year was the whole team!"

"We've finally been through it!" The first year is over. Outwardly there is joy and satisfaction in knowing we've made the most of the first year. Inwardly there are thoughts of the class party, the football games, the basketball games, the V-show, and other exciting "firsts" never to be relived. Now as we progress to years full of responsibilities, we realize how important the freshman year has been. Through experiences and mistakes we have learned that the Maine Way is our best chance for success.

Although as sophomores we have had to accept greater responsibilities, we will long remember this year's whirlwind of activities . . . watching the frosh-soph athletic teams strive for success, dancing at the fall "Shmoo Party", creating an informative class newspaper, and peddling pep pins and homemade cookies to pay for the anticipated proms. With an eye for the future, the class of '62 will continue to exhibit the Maine Spirit and the Maine Way.
